ENROLLMENT POLICY

The State of Indiana mandates that children between the ages of 7 and 18 are to be enrolled and attending school, or receiving an equivalent education. **Students attending school are required by Indiana laws to be in school all day.** A student who lives within the boundaries of the Cloverdale School Corporation district must be enrolled and/or in attendance on the first day of school, or be considered truant. Any student not enrolled or in attendance after the first ten (10) school days will be remanded to the proper authorities for legal action. Students who have transferred to another school district or private school are exempted from this rule. A student who enrolls in Cloverdale Middle School must be living with a parent and/or legal guardian. If there is a change in guardianship (custody), the school must have a legal transfer of guardianship paper in the student's file located in the office. A student enrolling in Cloverdale Middle School for the first time must have been in good standing at the school previously attended. If that student is under expulsion from another school, he/she will not be permitted to enroll until the semester following the termination period of the expulsion. Thereafter, enrollment is possible provided the student has legal

residence in the district. Previous school records are required for verification of status. At registration, a student needs a birth certificate or transcript from the previous school attended and a record of health immunizations. It is recommended that all students in grades 5 through 8 have physicals on file with the Athletic Secretary; all athletes are required to have a physical on file. Transfer students will have twenty (20) school days from the date of enrollment in school to produce a current record of immunizations. If the twenty (20) day limit is exceeded, the student will be removed from school until such records are produced.

ATTENDANCE POLICY

We are requesting that parents/guardians and/or third party custodial parents of students who are absent from school call the middle school office before 8:00 a.m. on the day of the absence (765-795-2900). If the school does not receive a call a truancy alert will be sent. Attendance is one of the keys to success in school. All absence excuses are to be filed with the office upon return to school.

* The sixth unexcused absence will result in 1 lunch detention.

* The seventh unexcused absence will result in 2 lunch detentions.

* The eighth unexcused absence will result in 3 lunch detentions and two weeks social probation.

* The ninth unexcused absence will result in 4 lunch detentions and four weeks social probation.

* The tenth unexcused absence will result in five lunch detentions and social probation for the remainder of the semester.

*** The eleventh unexcused absence will result in a referral filed with the Prosecutor's office and social probation for the remainder of the year.**

*** Additional absences may result in G.R.A.S.P. assignment.**

Excused Absences

- Illness with doctor note
- Dentist note
- Death in family
- Required court appearance
- School sponsored trip or activity
- Any other absence approved by the administration

Pre-Arranged Absences

A pre-arranged absence form must be obtained from the office and turned in, along with a note of explanation, 2 weeks prior to the time of expected absence from school.

Pre-Arranged Approved Absences

- Religious observance
- Exhibiting at State Fair
- Out of Town/Family Vacation (**limit of 5 days per school year**)
- AEP/G.R.A.S.P./OSS will not be held against a student's attendance.

EXTENDED ABSENCE POLICY

We believe that students who are absent from school miss a valuable opportunity to learn and grow. While nothing can replace being in the classroom, it is our intention to give special consideration to students who are absent for six or more consecutive days due to a serious illness or hospitalization. Each extended absence will be evaluated separately on its own merit. When the Certificate of Child's Incapacity is completed, the Principal will determine if the extent of the illness or injury warrants a hearing. If a hearing is indicated, a hearing officer will be appointed to determine what course of action is in the best interest of the student. The hearing officer has available, but is not limited to any of the following:

1. The student might return to class with a grade period in which to complete makeup work.
2. The student might meet the criteria that requires exclusion.
3. The student might not be afforded the opportunity to make up work.
4. If a student qualifies and if the absence exceeds four weeks in length, home bound instruction might be established.

MAKE UP WORK

Students who are absent are expected to make up work missed in each class. Arrangements for making up assignments will be made by the student with each teacher. **The office is not responsible for collecting homework.** The length of time for the completion of the make-up assignments will be equivalent to the number of days missed up to a maximum of five (5) school days. In case of extended absence due to illness, parents may request homework. The deadlines for tests and projects that were set prior to the student's absence are not extended. All incomplete grades must be made up within five (5) school days, unless extraordinary circumstances make this impossible.

PARTICIPATION IN ACTIVITIES AFTER SCHOOL

A student who is unable to attend school because of illness or out of school suspension will also be unable to attend athletic practice, and all curricular and extra-curricular functions. Students should be in attendance all day to participate in any extra-curricular activity. Exceptions will be considered on their own merit by the administration. Students who attend such events are insubordinate and shall be disciplined. Make up work for the suspended student is the responsibility of the student. Teachers will provide make up work when asked by the student. A student will have the same number of school days to make up the work, as was the suspension. All make up work is due at the end of the allowed make up period and must be turned in to the teachers, assistant principal or the principal.

PROCEDURES FOR SIGNING IN AND OUT

Students are encouraged to make their medical and personal appointments after school hours. However, if a student must leave during school hours, the student must be signed out by a parent or guardian. Failure to sign out can result in a truancy violation and/or disciplinary action. Students reporting to school after the beginning of school and/or students returning to school from an appointment outside of the school must sign in upon their arrival or return. Failure to sign in may result in disciplinary action. This procedure is necessary because it is the school's responsibility to know where all students are during the school day. Students are to be inside the building during and between classes, unless under supervision of an instructor or with permission from the office.

TRUANCY

Truancy is defined as absence from school during any part of the school day without the consent of parent and/or proper school officials. Truancy will be recorded as unexcused. A student is truant if he/she:

1. Leaves school without signing out in the main office.
2. Is absent from school without prior permission from parent(s).
3. Is absent from class without permission (skipping).
4. Obtains a pass to go to a certain place and does not report there or goes somewhere else besides the destination on the pass.
5. Becomes ill and stays in the restroom instead of reporting to the nurse or main office.
6. Comes to school, but does not attend classes.

Truancy from school or class will result in disciplinary action. All work missed while a student is truant may NOT be made up.

TRUANCY / HABITUAL DESIGNATION

On the third truancy from a class or classes during a school year, a student who is at least thirteen (13) but less than fifteen (15), will be classified as a habitual truant and will have his/her name sent to the Indiana Bureau of Motor Vehicles. Furthermore, the school principal cannot sign the official Indiana Bureau of Motor Vehicles form for students applying for an operator's license or a learner's permit, until the student becomes eighteen (18) years of age or until he/she is no longer classified as a habitual truant. This also includes a work permit.

A student identified as a habitual truant is entitled to a review of the attendance record at least once a year to determine if the attendance has improved so that the student can become eligible for a license/permit.

The Habitual Truant Permanent Record Report must be completed, and becomes a part of the student's permanent record file. This report shall be included with any records sent to another school or school system in which the student enrolls.

WITHDRAWAL

Both state law and board policy require that before a student aged seventeen (with parent/guardian permission) and eighteen (without parent/guardian permission) may withdraw, the principal is to conduct an exit interview with the student and parents. A minor student, even with parental permission, by law may only withdraw due to one of these three stipulations: financial hardship

within family, court order, or long-term medical condition. Should the situation be such that the student insists on withdrawing but the parents will not agree, the principal must decide on the proper course of action.

CLINIC POLICIES

Parents will be notified should their child become ill, or have an accident while at school. Persons listed on the student's demographic or emergency information sheets will be notified if we are unable to reach a parent. A child with a temperature of 100 degrees or higher will be excluded from school. School personnel will give no treatment, except basic first aid. Further medical treatment is the responsibility of the parent. Parents should notify the school if a student has a contagious disease. The student's physician or the school nurse can give guidelines for the student's return to school. The school nurse does not diagnose conditions, but will refer students for evaluation and diagnosis by a physician. It is the responsibility of the parent to notify the school of any health needs or concerns that may require a modification of the student's activities and educational program. A written statement from a physician is required for the student's file for modification of a student's educational program. The physician's statement should include a description of the health concern and the modification necessary. The physician's statement is good for that year.

All students needing to visit the nurse's clinic should first report to class and have their handbooks signed by their teachers before going to the clinic.

STUDENTS MUST HAVE A PASS BEFORE GOING TO THE CLINIC. Students who become ill during the day will not be sent home until a parent, guardian, or someone on the emergency contact list has been contacted. **Students are NOT allowed to make these phone calls.**

The school nurse provides 8th graders with vision screening. The speech/language teacher performs hearing tests. Parents have the right to refuse the vision and/or hearing screenings by filing a written objection with the school office.

To ensure the safety and well-being of students, medical information about students may be shared with corporation employees. Parents must notify the school nurse in writing if they do not wish for medical information to be shared with faculty, staff, transportation department personnel, etc.

IMMUNIZATION REQUIREMENT POLICY

When a student enrolls in school for the first time or any subsequent time, and at any level, his/her parents must show either that he/she has been immunized or that the student's immunization record is on file. The authority for requiring students to be immunized is found in IC 20-8-1.7.

Students with a history of receiving less than the minimum required immunization have a period of twenty (20) calendar days in which to begin receiving the series. Students may remain in school at the end of the granted waiver period by documenting that they have either 1.) Completed all immunization requirements, 2.) Entered upon a specific schedule of immunizations approved by a physician or the local Health Department, or 3.) Qualified for exemption (medical, religious, or parental objection). If at the end of the twenty (20) days the immunization records are not in compliance with the Indiana Code, the student will be excluded from school until such records are presented.

In order for a child to be exempt from complying with the minimum immunization requirements for medical, religious, or personal reasons, the parent is required to submit a written request for exemption and the request must be filed annually with the school. In the case of a medical exemption, the signature of a physician is required. For other exemptions, the signature of a parent is sufficient. For their own protection, exempted students may be excluded from school for the duration of an outbreak.

MEDICATION

All medication must be brought to the nurse's office where it will be stored and administered to the students by authorized staff. Only FDA approved medication will be given. No medication will be permitted in any other location on the school premises unless permission is obtained from authorized staff, or a physician order. Violation of these rules may result in disciplinary action.

Upon enrollment, the parent must give written permission for student to be administered any over-the-counter medicine for minor aches and pains. Medicines such as ibuprofen, Tylenol, cough drops, Tums, etc. may be available. Only those medications that are necessary to maintain the child in school and must be given during school hours will be administered. Medications should be given at home whenever possible. Any child who needs to take prescription medications or an over-the-counter drug at school will be required to bring the medication in its original container with the prescription label on it, along with a signed note from the parent with specific directions as to when to take the medication. For the safety of the students, medications will not be given if the above directions are not followed.

The parent must pick up medication no longer used or needed or it will be destroyed at the end of the school year. Indiana law prohibits a school from sending medication home with a student. It is the responsibility of the students to remember to report to the clinic for their medication.

LICE

Any student found with live head lice in his/her hair will be excluded from school and the bus until he/she has been determined to be lice free. Students with lice will be excused from school for one day and any additional days will be unexcused. Upon returning to school, the student should be accompanied by a parent/guardian. The student must be checked by the nurse or designated staff to ensure that the student is lice free before returning to school.

ELEVATOR POLICY

Students are not permitted to ride the elevator, unless they have a valid elevator pass from the nurse. Students who use the elevator without permission will be assigned one period of AEP, per occurrence.

DRUG TESTING PROGRAM (IN ACCORDANCE TO CLOVERDALE COMMUNITY SCHOOL BOARD POLICY #5400)

The Board of School Trustees encourages all students to participate in extra-curricular or co-curricular programs of the school, but believes the opportunity for such participation is not an absolute right. It is a privilege offered to students

who meet both the scholastic and the physical conditions of eligibility. One such condition shall be agreement by the student to submit to testing for the use of drugs, alcohol, if selected, in accordance with the testing program. The program will be applied to all middle school students (5-8), male and female, who participate in extra-curricular or co-curricular activities. In addition to those students who choose to participate in extra-curricular or co-curricular programs of the school, the school may test students who demonstrate a reasonable suspicion of drug use. And may test any student who volunteers to participate in the program as well as students under the age of eighteen (18) whose parents wish to have them included in the program. Parents requesting drug testing on their student will assume financial responsibility for the laboratory fees. Such students and/or parents must provide the school with their consent to participate in writing. Once consent is given for testing on a voluntary basis, it shall be in effect for the remainder of the student's tenure at Cloverdale Middle School. If a parent requests for their child to be removed from the random drug testing pool he/she cannot re-enter the program for 365 days. The student will be ineligible to participate in any extra-curricular, co-curricular activities, sports or drive to school during those 365 days. The school administration has the right to require any student who exhibits "reasonable suspicion" of being involved with prohibited substances to submit to drug testing. A refusal will be considered a failed test and disciplinary action will follow.

RELEASE OF RECORD STATEMENT

1. Cloverdale Middle School maintains records on all students 5-8. These records may include directory information such as:
 - a. Basic identifying information, including student and parent names and address, birth date, place of birth, gender, phone numbers, and student picture.
 - b. Academic transcripts, including grades, promotion, grade level achievement and scores on any achievement, aptitude, or entrance examinations.
 - c. Attendance records.

FERPA (Family Educational Rights and Privacy Act) requires schools and local education agencies to annually notify parents of their rights under FERPA. The notice must effectively inform parents with disabilities or who have a primary home language other than English. The annual notice pertaining to FERPA rights must explain that parents may inspect and review records and, if they believe the records to be inaccurate, they may seek to amend them. Parents also have the right to consent to disclosures of personally identifiable information in the record, except under authorized circumstances.

FERPA gives both parents, custodial and non-custodial, equal access to student information unless the school has evidence of a court order or state law revoking these rights. When students reach the age of 18, or when they become students at postsecondary education institutions, they become "eligible students" and rights under FERPA transfer to them. However, parents retain access to student records of children who are their dependents for tax purposes.

2. This information is not released unless a “Record of Request for Release” is on file in the Guidance Office. The release of any student records other than in the areas specified requires the written consent of the parent or eligible student. However, student records may also be released without consent as follows:
 - a. A transcript of student records will be forwarded to another public or private school or post-secondary educational institution to which a student transfers or applies for admission or in which a student enrolls.
 - b. A transcript of student records will be forwarded to scholarship or financial aid sponsors to whom the student is making or has made application.

NON-CUSTODIAL PARENTS

A non-custodial parent, unless restricted by a court order, will be given access to all student report cards, student records, and disciplinary reports. The non-custodial parents, unless restricted by a court order, will also be allowed to participate in conferences and all other school activities. The non-custodial parent may not visit with the student during the school day, nor may the student be released to the non-custodial parent without prior written permission from the custodial parent. A certified copy of a court order restricting the rights of the non-custodial parent must be provided to the principal should a custodial parent wish to prohibit the distribution of information to and the school visitation of the non-custodial parent.

GRADES/GRADING PERIODS

The grading periods are nine weeks long.

The grading scale is as follows:

95-100 = A	74-76 = C
90-94 = A-	70-73 = C-
87-89 = B+	67-69 = D
84-86 = B	64-66 = D
80-83 = B-	60-63 = D-
77-79 = C+	0-59 = F

HONOR ROLL

To attain honor roll status, the student must meet the following grade requirements:

- “A” Honor Roll: The student must have no grades lower than A-.
- “A-B” Honor Roll: The student must have no grades lower than B-.

INCOMPLETE GRADES

Occasionally, because of illness, accidents, or family problems, it becomes necessary to receive an “incomplete” on the report card. For a student to receive an incomplete, the teacher must be informed of the reason before the grades are due, and then all missed work shall be completed within 5 SCHOOL DAYS after the student returns to school. Failure of a student to report a reason for not completing course requirements, or not completing requirements in the allotted five school days shall result in a grade of “zero” on the incomplete work. There shall be no incompletes given at the end of the school year except through the

approval of the principal. It is the student's responsibility to complete requirements and to keep teachers informed of their current status. With rare exceptions, final exams are compulsory and an integral part of the class requirements.

REPORT CARDS

Report reports will be distributed at the end of each nine weeks grading period and final grades will be distributed at the end of each semester. Parents may see their student's grades at any time by logging on to the Cloverdale Community School Corporation Web Site at <http://www.cloverdale.k12.in.us>. Please call the middle school office for more information.

PROMOTION/RETENTION POLICY

Any middle school student who accumulates two (2) or more failing semester grades in any subject/semester will be considered for retention. Additionally, a student who does not achieve mastery of standards may also be considered for retention or summer school remediation.

TRANSFER STUDENTS

If a student transfers from an accredited school, grades earned in the previous school will be considered equivalent to grades earned at Cloverdale Middle School. It is the responsibility of the student and parent/guardian to present all necessary information at the time of enrollment for the school to properly evaluate and place the student. If a student transfers from a non-accredited school or a home school, the student and parent/guardian should present all records (transcripts, grade reports, attendance records), curriculum information, textbooks, and samples of work to the principal or designee. Testing or interviews and evaluations by teachers may be required to determine proper placement. Should a student move from the Cloverdale School Corporation during the school year, he/she is permitted to continue attending the school in the corporation if so desired, until the end of the grading period in which the move is made.

HIGH ABILITY EDUCATION PROGRAM

A high ability general intellectual student performs, or shows the potential to perform, at an outstanding level of accomplishment when compared to other students of the same age, experience, or environment and whose intellectual needs and/or individual academic growth cannot be met through regular grade level curriculum. Students with outstanding aptitude and/or capacity for high performance will have options beyond the regular curriculum. The school corporation will work together to create a challenging, problem-solving environment through differentiated curricula with enrichment opportunities that nurture strengths and talents.

PRE-HIGH SCHOOL CREDIT

It is the policy of the Cloverdale Community School Corporation to issue high school credit for high school courses successfully completed at pre-high school grade levels provided:

1. The instructional materials used are those required by Indiana Textbook Code (IC 20-10.1-9-7).
2. For each credit issued, the amount of teacher contact time will be equivalent to that of the equivalent high school course(s).
3. The course(s) is taught by a teacher with documented competency to teach the course(s).
4. It is indicated on the student's transcript that the course(s) was completed prior to grade nine.
5. The student's participation in the course(s) is evaluated under the same criteria as equivalent course(s) is evaluated at the high school level.

HOMEWORK

Homework is given to students to aid in their intellectual development and to develop independent study habits. Students who do not complete assignments at school may have to complete them at home. If possible, assignments before school vacations and weekends will be avoided.

Reasons for Homework

- a) To complete work started in class.
- b) To expand or enrich regular class work.
- c) To build interest in reading and learning.
- d) To make up work missed due to absence.
- e) To encourage parental awareness of student learning.
- f) To provide an opportunity to pursue special interest or ability areas.
- g) To increase learning time.
- h) To establish independent study skills

Homework amounts may vary from day to day depending on each student's courses, abilities, and grade level.

Guidelines for Parents

- a) Support your child's interest in lifelong learning by encouraging good study habits and providing a learning environment in the home.
- b) Help your student set a regular schedule for study.
- c) Take an active interest in what your student is doing in school. Ask for an explanation of a particular assignment and what is being learned. Compliment good work or improvement.
- d) Make constructive suggestions, but avoid severe criticism and undue pressure.
- e) Encourage your student to seek additional help from his or her teacher at school if there seems to be difficulty with the work.
- f) Consult your child's teacher as soon as problems arise.

TUTORING

Tutoring will be available after school on Mondays, Tuesdays, Wednesdays, and Thursdays. All full-time CMS teachers will be available to tutor any CMS student in their classroom from 2:46 p.m. – 3:20 p.m. on those days. Any student who is having difficulties is encouraged to make an appointment to stay after school for help. In certain instances, teachers will request that students stay after school for extra help. The child's teacher will notify parents at least one day in advance. Parents should pick up their child in front of the building at 3:20 p.m.

SCHEDULING CHANGES

The schedule you receive is the schedule you are expected to follow for the school year. Therefore, it is important for you to plan carefully when making your course selections. Schedule changes will only be made for the following reasons:

- * There is an IEP, a doctor's order, or a court order.
- * There is an administrative need or a teacher recommendation.

Student and parent requests will be considered after the first 5 days of the semester and no later than 10 days.

DISCIPLINE

All Students are expected to obey the rules of CMS and will be expected to accept the authority of any administrator, teacher, or staff member at any time on school property or under school jurisdiction. School discipline is simply a matter of courtesy, manners, and attitudes on the part of the students. All administrative members and faculty members have equal authority; however, only administrators may formally recommend G.R.A.S.P., O.S.S., or expulsion of a student.

The Board of School Trustees declares that certain student misconduct will be grounds for suspension or expulsion of students from school. The grounds for suspension or expulsion apply when a student is on school grounds at a school activity, function, or event, or traveling to or from school or a school activity, function, or event. Grounds for suspension or expulsion include, but are not limited to:

CLASSROOM DISCIPLINE LADDER

The following procedures/actions have been set up to improve the educational classroom environment and assist teachers in dealing with student misbehavior and discipline on a consistent level. It is essential that teachers maintain a strong classroom management plan for all students. Upon each offense, teachers will complete a referral within Harmony listing student's misbehavior, consequences/actions taken, and what will happen on their next offense.

Teachers are required to make parental contact for any discipline issue.

1st Offense – A misc. entry is to be completed in Harmony. The teacher may issue a verbal warning, loss of privileges, teacher detention, or conduct a parent/guardian conference by way of phone or e-mail.

2nd Offense – A discipline referral is to be completed in Harmony and the student sent to A.E.P. for one class period. The teacher must contact the parent/guardian via telephone, e-mail, or in person.

3rd Offense – A discipline referral is to be completed in Harmony and the student will be sent to A.E.P. for two class periods (*consecutive days*). The teacher must contact the parent/guardian via telephone, e-mail, or in person.

After the third offense the student will be sent to the office. An administrator will contact the parent or guardian via telephone or e-mail and follow the guidelines as stated below.

4th Offense – A discipline referral is to be completed in Harmony and the student be sent to A.E.P. for ½ day (*equivalent of 3 class periods*).

5th Offense – A discipline referral is to be completed in Harmony and the student be assigned 1 day of A.E.P.

6th Offense – A discipline referral is to be completed in Harmony and the student be assigned 2 days of A.E.P..

7th Offense – A discipline referral is to be completed in Harmony and an Administrator will assign the student to 3 days of G.R.A.S.P.; the student is now considered at Habitual Offender Status.

These are the minimum penalties. The administration has the option to alter the penalty of any offense.

Teachers may assign their own detentions for students per classroom rules. Refusal to attend a teacher-assigned detention will result in a more stringent discipline by the administration.

Assistance in interpreting school rules:

Students or parents concerned about whether a particular act would be a ground for suspension or expulsion are encouraged to consult with the building principal for guidance before the student engages in the act.

Time and geographic application:

- a) During school activities on or off campus;

- b) On school property at any time; and
- c) While traveling to and from school or a school activity

A student committing an act that violates Indiana or Federal law at any time or place may be suspended or expelled if the unlawful act is directed toward a school employee or Board member, arises out of a school relationship, or has foreseeable in-school consequences.

SOCIAL PROBATION

Social Probation removes a student from attending any school sponsored extra-curricular or co-curricular events after school hours. Participation in an extra-curricular or co-curricular event may be restricted or suspended as part of social probation at the discretion of the school administration.

ALTERNATIVE EDUCATIONAL PLACEMENT

A.E.P. is used primarily for disciplinary situations. A.E.P. involves removing students from the mainstream of school activity and assigning them to a supervised area. Failure to abide by A.E.P. rules and regulations will result in extending the time in A.E.P., G.R.A.S.P., or Out of School Suspension. The basic objectives of A.E.P. are:

- To provide a disciplinary alternative to out of school suspension for many discipline problems.
- To provide students with educational opportunities while they are being disciplined.
- To promote positive discipline and retain the student within the educational environment.

Instructions for A.E.P.:

- Students are to report to A.E.P. on their assigned day by 8:00 a.m. to pick up an assignment sheet. Students are responsible for seeing their teachers and requesting their assignments. All assignments, homework, and tests count toward their class grade.
- Students will sign a printed copy of A.E.P. rules once a year, acknowledging their understanding and compliance.
- Any writing on desks, walls, or other school property while in A.E.P. will result in a referral to the Principal and/or G.R.A.S.P.
- There is to be absolutely no talking unless initiated by the A.E.P. teacher. Students will be acknowledged after raising their hand for permission to come forward and speak to the A.E.P. supervisor.
- Students are to continually work during the entire assigned period of time in A.E.P.. Absolutely no talking! Refusal to do work or follow the rules of conduct will result in a referral to the Principal, G.R.A.S.P., or out of school suspension.
- Students will eat lunch in the A.E.P. room. Talking to other students in the hallway or cafeteria is not allowed.
- No hats, hoods, other headgear, or sunglasses are allowed in A.E.P..
- Restroom privileges are given at a time other than passing period and at the discretion of the A.E.P. teacher. You will be escorted to and from the restroom. There is to be no talking.

- No candy, gum, or drinks allowed in A.E.P..
- Completed assignments are turned in to the A.E.P. supervisor and will be forwarded to the respective teachers.
- Students who are absent or sick will make up their schedule A.E.P. discipline when they return to school. Refusal to make up A.E.P. will result in a referral to the Principal, G.R.A.S.P., or out of school suspension.
- Upon satisfactory completion of time assigned to A.E.P., the student may return to the normal school routine with all privileges restored.

OUT OF SCHOOL SUSPENSIONS (GRASP/OSS)

The Administration has the right to assign any student to the G.R.A.S.P. program at their discretion. Failure to attend or successfully complete the G.R.A.S.P. program will result in continued OSS and subsequent expulsion. During the suspension or assignment to G.R.A.S.P., a student is not allowed on the school premises, attend, and/or participate in any school related activities.

A short-term removal of a student pursuant to the student's Individual Education Plan is not a suspension.

G.R.A.S.P.

(Generating Responsibility through an Alternative to Suspension Placement)

G.R.A.S.P. is a community-based, collaborative effort designed to deal with out-of-school suspended students in our schools. The program is composed of supervised educational activities, behavior modification, skills building activities, and community service work crew projects. This program may serve all Putnam County suspended youth who are in middle or high school that have been suspended out of school for a period of 1 to 10 days. It is at the administration's discretion how G.R.A.S.P. can be used. If a 3-day or more G.R.A.S.P. has been assigned and is refused, it could result in additional days of out of school suspension

EXPULSION

A student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of possession of a firearm or deadly weapon listed under the Grounds for Suspension and Expulsion. Removal for the remainder of the grading period will result in a WF (Withdrawal Failure). When a student has been suspended or expelled, he/she is not allowed on school grounds before, during, or after school for any reason, nor is he/she allowed to attend any extra-curricular events at school.

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held with the student prior to the suspension. At this meeting the student or parent will be entitled to:
 - a. A written or oral statement of the charges;
 - b. If the student denies the charges, a summary of the evidence against the student will be presented; and,
 - c. The student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension, a description of the student's misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. Legal counsel
 - b. A member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent are asked to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the hearing.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the

meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

NOTE: The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the meeting and the arguments of the school administration and student and/or the student's parent. The board will then take any action deemed appropriate.

1. When the bell rings classroom doors should be closed and locked.
2. A staff member will walk the hallway and write down the names of the students who remain in the hallway.
3. The staff member sweeping the tardies will then notify the classroom teacher when students are to be admitted in to the classroom.
4. Students who are swept in the AM will serve lunch detention the same day.

Students who are swept in the PM will serve lunch detention the following day.

DRESS CODE

It is important for the Cloverdale Community School Corporation to maintain a safe and appropriate learning environment. We know that a student's clothing and appearance can be distracting to other students and can interfere with learning. With this in mind, we are concerned about the personal appearance of our students. Current fashion trends and styles should not dictate the dress code for the Cloverdale Community School Corporation. With the cooperation of parents, the school will continue to encourage all students to dress in a fashion that the staff and parents judge to reflect good taste and will allow students to focus on high academic standards and will assist us in promoting school safety. This dress code provides a consistent model of dress for the students of the Cloverdale Community School Corporation. We realize that questions will sometimes arise concerning a student's appearance, or clothing "fads". In these cases, building administrators will determine the appropriateness of the student's appearance and whether his/her appearance is disruptive to the learning environment or is inappropriate for safety reasons. Periodically students will be allowed to dress differently than the policy indicates because of spirit days or other special occasions. Such days and styles of dress will be determined by the administration.

Appearance should be clean, neat, and appropriate.

1. Caps, hats, bandannas, gloves and/or sunglasses are to be removed when entering the building.
2. Students are required to wear shoes at all times. Shoes that have laces must be tied to prevent tripping over the shoestrings.
3. Coats, jackets, gym bags, book bags, and backpacks are to be stored in the student's locker during the school day.
4. No spray-painted or attention-getting hair coloring or distracting make-up will be tolerated.
5. Pants are to be fitted and worn at the waist; undergarments must be covered at all times. Pants are not to be long enough to drag the floor.
6. All skirts/shorts must be no shorter than 4" above the bend of the knee. Skirts must not drag the floor. Dresses must comply with the skirt and shirt/top rules. (Dollar bill as reference check.)
7. Shirts and tops are to have sleeves that do not expose undergarments. Shirts must be long enough to be tucked in. Shirts and tops not tucked in must remain below the waistline at all times. No exposed cleavage, back, or midriff will be allowed.
8. The following are items that are not acceptable for students to wear at school: form fitting clothes, sheer/see-through fabrics, pajama pants with an open or buttoned fly, slippers, clothing with holes/rips/tears that violate the dress code by exposing skin or undergarments which should normally be covered are not allowed, wallet or pocket chains, or any item that could cause harm to self, others, or school property, promotes drugs, alcohol, tobacco products, or any illegal substance, depicts violence, sexual innuendos, racial/religious slurs, or is gang-related.

Students who wear objectionable clothing will be dealt with appropriately. This may include the changing of clothes at school, having parents bring other clothing, removing the students from classes, etc. Repeat offenders will be dealt with following the school's disciplinary procedures.

Students are not to wear jewelry to school that is attached through piercing anywhere except the ears. There are a variety of health and safety factors the school has considered for piercing of the tongue, nose, lip/mouth, eyebrow, and any additional areas other than the ear. School officials also reserve the right to forbid types of jewelry that may be determined dangerous, such as collars and bracelets with long, pointed spikes.

CELL PHONES/ELECTRONIC DEVICES/ VALUABLES

Items of value should not be brought to school. The school and its employees are not held financially responsible for the loss or theft of valuables. Cell phones, mp3 players, CD players, etc., are not to be used during school hours. These devices are to stay stored away from the time a student enters the building until they leave the building. Use of these items during the school day will result in a disciplinary consequence. Students using any type of electronic device during a class assessment (test, quiz, etc.) may be considered for additional discipline. Sending, sharing, viewing, or possessing pictures, text messages, emails, or other material of a sexual nature in electronic or any other form, including the contents of a cell phone or other electronic device may result in a suspension and/or request for expulsion.

PDA

Students at Cloverdale Middle School are reminded that this is a place of education and that should be their priority. Public displays of affection make observers uncomfortable and are not appropriate in the school setting, at any time on the school campus or at a school function.

Examples of inappropriate behavior are holding hands, kissing, excessive hugging, sitting on laps, and “hanging” on each other.

CHEATING/FORGERY

The minimal punishment for a student verified as having been involved in cheating on an assignment or test is to receive a mark of zero on the assignment or test and to be refused the privilege of making up the work. A student who forges, falsifies, or makes fraudulent use of school passes, any other school form, grades, or attendance will be disciplined.

HARASSMENT / BULLYING

VERBAL: Written or verbal innuendos, comments, jokes, insults, threats, or disparaging remarks concerning a person’s gender, national origin, religious beliefs, and/or disabilities or conducting a “campaign of silence” toward a fellow student, staff member, or other person associated with the Corporation.

NONVERBAL: Placing in the school environment objects, pictures, or graphic commentaries which could be interpreted as being harassing in nature or making insulting or threatening gestures as a consequence of such person’s gender, national origin, religious beliefs, and/or disabilities.

PHYSICAL: Any intimidating or disparaging action as a consequence of such person’s gender, national origin, religious beliefs, and/or disabilities.

Any student who believes that he/she is the victim of any of the above actions, or has observed such actions taken by another student, staff member, or other person associated with the Corporation should promptly take the following steps:

1. If the alleged harasser is a student, staff member, or other person associated with the Corporation, other than the student’s principal, the affected student should, as soon as possible after the incident, contact the building principal.
2. If the alleged harasser is the student’s principal, the affected student should, as soon as possible after the incident, contact the Superintendent of schools.

The student may submit a report in writing, by telephone, or in person. The reporting student should provide the name of the person(s) whom he/she believes to be responsible for the harassment and nature of the harassing incident(s).

Dangerous Items

Fireworks, matches, lighters, or other items or materials which could create dangerous situations are prohibited at all times on school property or at any school related function. Matches/Lighters are seen as paraphernalia and will result in a Drug/Tobacco screening.

If dangerous items are found they will be confiscated immediately and a parent will be contacted:

1. First Offense - 5 days AEP
2. Second Offense – 5 days GRASP
3. Third Offense – 10 days OSS/Pending
Expulsion

GANG PREVENTION

Presence of gangs and gang activities can cause a substantial disruption to school and school activities. A “gang” is defined as any group of students who are perceived as a distinct group (not an approved school organization), which prompts a disruptive response in the school community. The following rules act to prevent disruption and to prohibit gang activities by restricting those actions, which foster such activities, or which, because they may be performed in relation to gang activities, endanger even those students who do not intend to show gang membership or affiliation:

1. No student on school property or at any school activity shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign, drawing, graffiti, or other items, which may be viewed as evidence of membership in a gang.
2. No student on school property or at any school activity shall use any speech, either verbal or nonverbal (gestures, handshakes, drawings, graffiti, or other written communications, etc.) showing membership or affiliation of a gang.
3. Shall use any speech or commit any act of omission in promoting the interests of gang activity, including but not limited to:
 - A. Soliciting others for membership in any gangs,
 - B. Intimidating or threatening any person,
 - C. Violating any other rules as stated in the student handbook.

Students who have practices/events/activities should not have siblings attend these activities, as this could be both a liability and/or distraction to all parties involved.

SEARCH AND SEIZURE

Desks and lockers are school property, and school authorities make regulations regarding their use. School officials may inspect desks, lockers, and personal effects when there are reasonable grounds to believe that the contents threaten

the safety, health, or welfare of students, or include stolen property or contraband. Stolen items and items which are prohibited by law, board policy, or school authorities, may be removed and impounded, and the parents notified. If the student is not present during the search, he/she will be informed, as soon as practical, of the action taken. This policy is enforced during the school day, on school buses, in school buildings and grounds, and extends to all school-sponsored and related activities including field trips, athletic events, and music trips, whether held before or after school, evenings, or weekends.

MEDIA CENTER RULES AND USAGE

Students must enter the computer programs through their own log-in credentials and passwords.

Recommended Resources Include:

Students need to be discriminating when using the World Wide Web. Information posted there is not necessarily factual. See the librarian for a guide to evaluating websites.

Students must avoid plagiarism. Creating a "Works Cited" page, giving credit to the sources, is a necessary step in responsible researching. Please be aware that several bibliography styles do exist, but Cloverdale Media Center recommends Modern Language Association (MLA) style. If you have questions, please consult the English Department handout or MLA Handbook for Writers of Research Papers in the library.

All loaned materials should be returned promptly. Fines will be assessed for any late, damaged, or lost items. Damaging or destroying any media center materials or furnishings will result in disciplinary action.

When finished eating, tables should be left clean, trays returned to the proper area, and trash put into containers provided. It is the responsibility of the student to clean up any spills.

After the tardy bell rings for lunch periods, all halls must be clear of student traffic. Students may sit in the cafeteria in a designated area. No one is to re-enter the halls until the bell rings at the end of the lunch period unless so permitted by a teacher or lunch supervisor.

NETWORK/INTERNET ACCEPTABLE USE AND SAFETY

The Superintendent is directed to establish administrative guidelines to provide guidance to staff and students concerning making appropriate and ethical use of the computers and other equipment as well as any networks that may be established. The responsibility for the educational value of Internet access is the joint responsibility of school staff, the students with access to the Internet, and their parents. The administrators and supervisory staff members authorized by the Superintendent have the authority to search and access information electronically.

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in our society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The School Board is pleased to provide Internet services to its students. The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with

the opportunity to develop the resource sharing, innovation, and communication skills and tools which will be essential to life and work in the 21st century. The Corporation has implemented technology protection measures which block/filter Internet access to websites deemed inappropriate by the school board. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Corporation has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable, or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. The Board supports and respects each family's right to decide whether to apply for independent student access to the Internet. All Internet users (and their parents if they are minors) are required to sign their handbooks indicating they will abide by the terms and conditions of this policy and its accompanying guidelines. Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet, through the Corporation's computers, assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying guidelines.

All drills are to be treated as though they are actual emergencies.

EXTRA-CURRICULAR EVENTS/CONFLICTS

A number of Cloverdale students participate in more than one extra-curricular program. Our calendar of evening and weekend school activities often includes two or more events (contests, practices, etc.) scheduled for the same time. For the student who sincerely wants to participate in multiple school extra-curricular programs the inevitable scheduling conflicts can become a genuine nightmare. The following points and/or regulations should be kept in mind.

1. By and large, extra-curricular activities are subordinate to academic activities.
2. Each coach or sponsor should check the monthly calendar, master calendar, published practice schedules, etc, so that potential conflicts involving a student's participation in extra-curricular events can be discovered and communicated before the events take place.
3. When a potential conflict is discovered, the coaches or sponsors should discuss the matter at the earliest convenience.
4. Every attempt should be made to avoid conflicts when scheduling activities; this can be accomplished by studying the master calendar and published practice schedules.
5. Generally speaking, sectional type events take precedence over practices. In each of the above categories, scheduled events take precedence over re-scheduled events.
6. If a student is committed on a given date to a sponsor or coach of a higher priority category, other coaches or sponsors should not allow that student to participate on that date unless the sponsors or coaches involved agree to the change.
7. Each coach or sponsor needs to not make the student the "pawn" in the extra-curricular conflict game. If a student is involved in another activity on a given date, coaches or sponsors should not directly or indirectly penalize that student for his or her absence. Within this guideline, we generally support student choice with this caution: consequences that accrue as a result of student choice are not forgiven without prior negotiation.
8. If the events in contention are in the same priority category, the student and family have the right to appeal for administrative review.
9. Each coach or sponsor should be as fair about student activity conflicts as possible.
10. If coaches or sponsors disagree or if these regulations need interpretation, please contact an administrator.
11. Let us all work together to preserve the integrity and student opportunities of our fine extra-curricular program.
12. A school sponsored event will always take precedent over a non-school sponsored event.
13. Co-curricular performances take precedence over practices.

V. AWARENESS VERIFICATION

1. Parent/Guardian Permission to Participate Awareness

Permission for my son/daughter/custodial person to engage in IHSA or Cloverdale Middle School approved activities, as a representative of his/her school must be granted by the parents/custodial person. Consent for my son/daughter /custodial person to accompany the team or group as a member on its out of town trips must also be given. I understand that neither the school board nor the athletic department carries insurance for injuries sustained in the interscholastic program.

2. Risk Awareness

Organized secondary athletics involve the potential for injury, which is inherent in all sports. I acknowledge that even with the best coaching, use of the most advanced protective equipment, and strict observance of rules, injuries are still a possibility. On rare occasions, these injuries can be so severe as to result in total disability paralysis, or even death.

3. Rules Awareness

The parent(s)/custodial person(s) must read and understand the rules and regulations as listed in the Cloverdale Middle School Athlete's Handbook.

The parent(s)/custodial person and athlete must agree to obey the rules and understand the possible consequences if they are not followed.

By signing for your agenda upon registration you are agreeing to obey the rules of this handbook in regards to Athletics and School Policy.
